Who we are

The [Australian Timetable Association](#) (ATA) is a not-for-profit body founded in 1983 by the late Jack McLean to promote interest in transport management and history with the analysis of documents such as timetables and operations manuals in all transport modes. The Association has members in most Australian States and Territories, Europe, Britain and Canada. Members are drawn from all walks of life, with a large proportion of transport professionals - managers, crew, timetable compilers and designers, owners and operators, archivists and librarians. All find ATA of value in their work and daily lives.

What do we do

Meetings

ATA meetings are held in Adelaide, Brisbane, Canberra, Melbourne and Sydney. They allow members to meet others who share an interest in transport matters and to catch up with the latest news. Meetings offer the opportunity to exchange interesting timetables and documents for free.

Monthly magazines and publications by post and e-mail

[Table Talk](#) contains the latest news of transport happenings, developments and timetables. [The Times](#) contains analyses and reviews of historical timetables and current transport scheduling trends and issues. Both magazines welcome articles, letters and commentary from readers. The President publishes a monthly [Members News](#) of ATA events and member requests for information. You can choose to receive these magazines as pdf files by email or by post, or by both ways if you wish.

Distribution Service

The Association runs a *Timetable Distribution Service*. Timetables, maps, brochures, manuals and related current and historic material are gathered by members, sent to our Distribution Service and made available monthly at nominal cost to cover printing and postage expenses. Digital copies of many timetables are available by email or on CD/DVD. We issue a monthly *Distribution List* by post and email, containing details of current offerings, from which members can order what they want.

Auctions

Each month ATA [Auctions](#) offer members the opportunity to buy and sell rare and historic timetables and other material. If you wish to submit timetables for the Auctions, please contact the ATA Auctioneer on [<auction@timetable.org.au>](mailto:auction@timetable.org.au).

Website

Our website www.timetable.org.au aims to promote an interest in timetables. It contains contact details, Association history, links to transport timetables, and copies of our magazines, distribution lists and auction catalogues. It is intended in the future to contain lists of timetables and transport books that are available for sale.

National Timetable Collection

ATA has established the *Jack McLean National Timetable Collection* at the State Library of Victoria (SLV). The aim is to deposit, as far as is practical, a copy of every timetable issued for all Australian transport modes. ATA and its members donate or bequeath their timetables to the Collection. The timetables are being indexed by ATA and catalogued by the Library. The index file will be available to members and the catalogue will be accessible on the [SLV website](#). Already 6136 timetables have been deposited at the State Library of Victoria, and hundreds more are ready to be deposited.

Work on preparing timetables for the National Timetable Collection is undertaken in Melbourne at the library facilities of CAVAL in the grounds of La Trobe University in Bundoora. If you wish to be involved with this, please contact our Archives Officer on [<archives@timetable.org.au>](mailto:archives@timetable.org.au).

Annual General Meeting

The ATA AGM provides a great opportunity for members to meet each other and to discuss the activities of the Association with the Management Committee. The 42nd AGM will be held late in 2025.
